BAE Systems

<http://www.baesystems.com>

65 Spit Brook Rd, NNH-1=2E6C

Nashua, NH 03060 USA

Kim Campbell

At BAE Systems, we help our customers to stay a step ahead when protecting people and national security, critical infrastructure and vital information. We provide some of the world's most advanced, technology-led defence, aerospace and security solutions and employ a skilled workforce of 85,800 people in more than 40 countries. From state of the art cyber threat detection to flight control systems that enable pilots to make better decisions, we never stop innovating to ensure that our customers maintain their advantage. This is a long-term commitment involving significant investments in skills. We also work closely with local partners to support economic development through the transfer of knowledge, skills and technology.

Products & Services: Aircraft Systems and Equipment / Fixed-Wing Aircraft / Unmanned / Remote Controlled Aerial Vehicles / Avionics; Flight Control Systems / Command Information Systems / Communication Systems / Intelligence Systems / Surveillance and Reconnaissance Systems / Airborne EW Systems / Land-based EW Systems / Naval EW Systems / Radar Systems / Communications / Land-Based EW Systems / AmCham Abu Dhabi

Fort Worth, TX 76118 USA

Leslie Ferry

Thinking above and beyond is what we do. For over 85 years, we've been reimagining the experience of flight – and where it can take us. We are pioneers. We were the first to break the sound barrier and to certify a commercial helicopter. We brought advanced tiltrotor systems to market. Our breakthrough innovations deliver exceptional experiences to our customers. Efficiently. Reliably. And always, with safety at the forefront.

Products & Services: UAV / UAS / First Responder Vehicles / Helicopters, Helicopter Systems & Equipment / Special Purpose Aircraft / Land Forces
