

ARAB HEALTH 2021
USA Partnership Pavilion | Visit Connect Lead Retrieval App
Exhibitor Communications #12

Stand Type: «OrdType»
Company Name: «ExhibBooth»
Booth Number: «ExhibBooth» **subject to change at organizers discretion*

Dear «BthFirst»,

Visit Connect- Lead Retrieval App

By now you should have received an email from Informa with a link to use the web version of Visit Connect.

The Visit Connect App is the mobile companion to the Visit Exhibitor portal. It is the best and easiest way to collect leads at an event, by using any smartphone or tablets.

Launching the App:

- If you can access your email from the device, just click the Open Scan Web App button in your confirmation e-mail
- If your email is on another device or printed, just open the camera app on your device and scan the QR code from the confirmation email, then click the link.

To learn how to collect leads follow the directions [here](#), towards the bottom of the page, under Collect Leads.

You don't need to install anything – it works through the web browser of your device. And once you're up and running, it will keep working even if you lose internet connection – once you reconnect, all the data collected will be synced to the Visit Connect server.
