

MSPO 2020
USA Partnership Pavilion | Update
Exhibitor Communications #1

Dear «BthFirst»,

I hope you and yours are doing well during these challenging times. We'd like to reassure you that Kallman Worldwide's main focus is the health and safety of our exhibitors. In order to provide a safer pavilion, Kallman will be going above the industry standard by presenting maximum and safe interaction between exhibitors and attendees. Recognizing the demands of post-COVID-19 business, Kallman Worldwide will institute meaningful changes to our procedures and the management of our USA Partnership Pavilions in order to mitigate risk and instill confidence in our exhibitors.

At this time, Kallman is reorganizing our floor plan to allow for proper social distancing at the show. We are currently working to develop safety measures and are waiting for, Targi Kielce's plan for their safety measures during MSPO 2020.

Once we receive this information from Targi Kielce we will pass it on to you along with the updated USA Pavilion floor plan and USA Pavilion safety guidelines.

We hope you find this information helpful. If you have any questions or concerns, please do not hesitate to contact us.
