

SEPTEMBER 7-10, 2021
KIELCE, POLAND

MSPO 2021 FAQ AND SHOW INFORMATION

INTERNATIONAL AIRPORT INFORMATION

Covid

Traveling to Poland:

- Effective January 26, all airline passengers to the United States ages two years and older must provide a negative COVID-19 viral test taken within three calendar days of travel

Accessing Targi Keilce

- Guests awaiting the entry in order to participate in events held in Targi Kielce premises are obliged to use safe queue areas - the entry zone is marked with lines and stickers with traffic directions. Thus the distance between people of 1,5 metres minimum is maintained.
- A contactless form of admission documents verification is used in the people and car entry-areas
- The people counting system is in use on the premises. The system has been introduced in order to make is possible to verify the actual number of people who are at the facility at the same time.
- In the entry areas people are screened whether they wear a face mask (a shield or other face covering cloth / material) (verification carried out by the Targi Kielce security staff).
- Contactless body temperature measurement is carried out in the entry zone.
- Closed, isolated and properly disinfected rooms have been prepared - these rooms (isolation rooms) are to be used by people who demonstrate infection symptom

Returning to the USA and COVID-19

There will be testing on site: Hall G during show hours

- All air passengers coming to the United States, **including U.S. citizens and fully vaccinated people, are required** to have a negative COVID-19 test result no more than 3 days before travel or documentation of recovery from COVID-19 in the past 3 months before they board a flight to the United States.
- Private COVID-19 testing is available at laboratories and medical facilities throughout Poland. Results are available within 72 hours, and the average cost of a PCR test is approximately \$120 USD. For drive-through testing center options, you can buy tests online [at this website](#) and take the code you receive to the testing center you have selected. This [website](#) offers an in-home testing option in Krakow.
- Rapid tests are available at several airports in Poland for passengers who are traveling to or transiting countries that require a test result within four hours of flight departure. For more information about the type of tests offered, cost, and hours of operation, please contact the airport or visit the following websites:
 - [Warsaw Chopin Airport](#)
 - [Krakow John Paul II Airport](#)
 - [Wroclaw Airport](#)
 - [Gdańsk Lech Walesa Airport](#)
- [Read More](#)

Visa Requirements

Poland is a party to the Schengen Agreement. This means that U.S. citizens may enter Poland for up to 90 days for tourist or business purposes without a visa. Your passport should be valid for at least three months for the period of stay. You need sufficient funds and a return airline ticket.

- U.S. Passports must have at least three months remaining validity beyond your date of planned departure from the Poland. If you travel to and from Poland to other Schengen countries you should have at least six months remaining validity on you

U.S. passport beyond departure from the Schengen area. Air travelers to Poland may be denied boarding if their passports lack this remaining validity.

- Polish citizens (including U.S.-Polish dual nationals or those with claims to Polish citizenship) must enter and depart Poland using a Polish passport.
- You need a visa for stays longer than 90 days or to work or study in Poland.
- Non-EU visitors must obtain a stamp in their passport upon initial entry into a Schengen country in order to depart the Schengen area without difficulty.

For further information on entry requirements and current visa information, please contact the consular section of [the Embassy of Poland](#).
