Our data powers investigation, compliance, and market intelligence software that has been used to solve some of the world's most high-profile criminal cases and grow consumer access to cryptocurrency safely.

Condor Outdoor Products, Inc.

www.condoroutdoor.com

5268 Rivergrade Rd

Irwindale, CA 91706 USA

Andy Chen

From its inception in the 1980's, Condor Outdoor Products has been focused on delivering quality outdoor gear at below-market prices. Spencer Tien, the company's founder, took considerable pride in building life-long relationships with the Army-Navy industry. These relationships are the foundation of Condor today. Condor's product lines are continuously field-tested by professionals to ensure precision, quality and long-term reliability. The company's focus has always been to use premium materials, coupled with quality workmanship, to deliver products that are both reliable and extremely functional. The faithful following know that Condor's products will excel under the most demanding situations.

Esri

www.esri.com/defense

380 New York Street

Redlands, CA 92373 USA

Danielle Trynoski

ArcGIS offers unique capabilities and flexible licensing for applying location-based analytics to your business practices. Gain greater insights using contextual tools to visualize and analyze your data. Collaborate and share via maps, apps, dashboards and reports. Use the power of location to improve coordination and operational efficiency in field workforce activities. Reduce or even replace reliance on paper. Ensure that both fieldworkers and office staff use the same authoritative data to reduce errors, boost productivity, and save money.

FalCom

www.falcom.net

8001 E Bloomington Freeway

Minneapolis, MN 55420 USA

Jake Hartmann

Built on 150 years of innovation. FalCom is an advanced hearing protection solution enabling special operations, military, law enforcement and security personnel to communicate in the most extreme environments – all while providing world class hearing protection. Original Footwear Company

www.originalfootwear.com

5968 Commerce Blvd.

Morristown, TN 73814 USA

Sarah Black

OUR MISSION: To honor the men and women who put their lives on the line to protect, serve, and defend, by providing them with the best boots available. Along with factories in Tennessee, Puerto Rico, and the Philippines, we also hold a distribution center in Canada, as well as the Netherlands that handles shipping for Europe. No matter where you are in the world, we have boots for you. From day one we have made the American military and her allies a top priority. We currently hold multiple DoD contracts that provide boots for the men and women who serve our country at home and abroad. As of 2017, we are the largest manufacturer for the US Department of Defense.

Products & Services: DTE / Security / Defense / Opportunities / Eastern Europe / Trade Mission / Ammunition / Armor / vests/ Backpacks & Bags / Cyber Security Solutions / Firearms / Helmets / Less-Lethal Weaponry / Masks / Optics / Sights / Vehicles.

SiOnyx LLC

www.sionyx.com

Beverly, MA 10915 USA

Caitlin Kehoe

SiOnyx is a silicon-based photonics company that develops and manufactures proprietary ultra-low-light CMOS image sensors and high-performance night vision camera systems. These sensors dramatically enhance the performance of light sensing devices commonly used in commercial, industrial, medical, and defense related applications.

Sirchie

www.sirchie.com

100 Hunter Place

Youngsville, NC 27596 USA

Ethan Roby

We manufacture high-quality criminal investigation, tactical, surveillance, and other police-related solutions including customized special purpose vehicles. We deliver industry-leading training for public safety, medical, and education communities featuring hands-on learning techniques. Our customers make communities safer by using Sirchie solutions to respond, investigate, analyze, support, and educate. All levels of government, law enforcement, corrections, medical systems, educational institutions, security firms, corporations, and more use Sirchie solutions to help Command Every Scene®. In April 2018, Sirchie was awarded ISO 9001:2015 Quality Certification. The company received certification from Dekra Certification, Inc. for its quality management systems (QMS) at its corporate and manufacturing headquarters in Youngsville, N.C. ISO 9001:2015 is the most updated standard of QMS and having these standards helps ensure that customers get consistent, reliable products and services and that quality and performance is constantly improved.

Stalker Radar

www.stalkerradar.com

855 East Collins Blvd.

Richardson, TX 75081 USA

Chariti Okolo

Stalker's Speed Display and Message Signs are ideal for gathering traffic data, informing motorists, and calming excessive speeds. The lineup of speed boards ranges from a simple digital speed sign to a mobile three-line electronic message board. Our pole-mounted message sign is compact and easily deployed. Stalker police lasers are known for their acquisition time and accuracy and their ability to track target vehicles despite common obstructions. Stalker's in-car video was the first to feature real-time police live video feeds, while our body worn cameras integrate seamlessly with our in-car video networks. Stalker's Speed Sensors make reliable, accurate speed measurement components available to OEMs and other manufacturers. Now, Stalker's speed measurement expertise can be placed in any product without requiring in-house technical development. Stalker Speed Sensors solve many organizations' speed measuring challenges.

Trijicon
